CNPortfolio: test log

NIWENIRINGIYE Christian | 25/27889 | MOB_A2_2527889

Tester: NIWENIRINGIYE Christian

Device: Redmi P15

Android: 13

Test date: 12 October 2026

APK: MOB_A2_2527889.apk (version 1.0.0)

EAS build: 732423c5-a7b2-4444-ace2-802605c62315

Commit hash tested: 2e300b391fa283712211baa21cd6451866583725

#	Test	Expected result	Result	Notes
1	Install APK without Expo Go	APK installs and launches as a standalone app.	PASS	
2	Home: first sentence	Displays exactly: My name is NIWENIRINGIYE Christian.	PASS	
3	Home: identity details	Avatar or photo, headline, introduction and MOB-A2-7889 are visible.	PASS	
4	Skills: content	At least five skills and the education timeline are shown.	PASS	
5	Projects: list and detail	Each project opens its own details with problem, contribution and technology.	PASS	
6	Back navigation	Back returns to project list; current tab and state are kept.	PASS	
7	Editor: validation	Invalid empty, short, long and character inputs show errors; Save is blocked.	PASS	
8	Editor: valid save	Valid input saves and a confirmation message appears.	PASS	
9	Persistence	After full close and reopen, profile fields and photo are restored.	PASS

#	Test	Expected result	Result	Notes
10	Photo: camera	After permission, taken photo previews and persists after restart.	PASS	
11	Photo: permission denied	Clear message; current photo unchanged; gallery remains available.	PASS	
12	Photo: cancelled	Cancellation gives a message and leaves data unchanged.	PASS	
13	Photo: replace and remove	Replacement displays; Remove returns to the CN avatar.	PASS	
14	Airplane Mode	Screens work offline; GitHub link gives a friendly message.	PASS	
15	About screen	Shows app, student, registration, code, version and data-use statement.	PASS	
16	Large system text	Largest font size causes no clipped or overlapping Home, Edit or About text.	PASS	
17	TalkBack	Buttons, inputs and errors are announced sensibly.	PASS
